This Data Collection Disclosure explains the types of information collected through website forms, scheduling pages, lead forms, patient intake, provider onboarding, and support channels.

Categories Collected

- Identifiers: name, email, phone, address, company, and contact details.
- Professional information: role, license details, organization, credentials, and business information.
- Commercial information: services requested, purchase or inquiry history, billing-related details.
- Internet activity: website interactions, analytics, device data, and referral source.
- Health-related information: intake responses and information submitted for telehealth or provider review where applicable.
- Communications: messages, notes, call records, emails, SMS, and support tickets.

Sources

Information may come from you, your organization, website forms, scheduling tools, CRM records, telehealth platforms, support channels, referrals, strategic partners, and public or business databases.

Purpose

Information may be collected for business operations, response to inquiries, scheduling, telehealth routing, provider onboarding, support, marketing, analytics, security, compliance, and legal obligations.

Retention

Information is retained for the period reasonably necessary for operational, legal, compliance, billing, dispute resolution, audit, and security purposes.
